

# TBRS Community Summit 2026

## Event Sponsorship Guide

The TBRS Community is thrilled to be hosting its **2026 Summit at Morgan's Wonderland Camp in San Antonio, Texas, March 18-22, 2026!** Your sponsorship will directly benefit families and support our efforts to advance research and treatment of Tatton Brown Rahman Syndrome.

### What is Tatton Brown Rahman Syndrome?

Tatton Brown Rahman Syndrome (TBRS) is a rare genetic disorder that can affect every system in the body—causing a wide range of symptoms including intellectual disability, autism, overgrowth, seizures, aortic aneurysms, and an increased risk of cancer. There are no treatments or cures, and families are often left to navigate a complex, overwhelming medical journey on their own. Your support changes that—fueling research, expert care, and a connected community where no one has to face TBRS alone.

### Event Summary

The 2026 TBRS Summit will bring together families, clinicians, and researchers to tackle the urgent challenges of Tatton Brown Rahman Syndrome—sharing the latest medical insights, advancing research, and building a strong, informed community.

### Details and Location:

March 18-22, 2026

Morgan's Wonderland Camp in San Antonio, Texas

### Expected Attendance:

- 100 scientists & clinicians (disciplines include epigenetics, genetics, rare disorders, oncology, therapeutic development, neurodevelopment, overgrowth, autism)
- 150 affected individuals and their families

### Details of Program:

The TBRS Summit is an extremely special event and will take place at Morgan's Wonderland in San Antonio—the epicenter of the inclusion movement. The facility features a fully inclusive theme park and camp and a comprehensive multi-assistance center.

For people living with rare diseases, the sense of isolation can be profound—but when families and communities come together, that burden is lightened through shared understanding and support. Creating opportunities for people to meet others who face similar medical journeys fosters resilience, friendship, and a powerful sense of belonging. These connections not only help people with TBRS feel seen and understood but also give them the chance to bond—laughing, playing, and having fun alongside peers who truly understand their experiences. It's essential for parents of special needs children to spend time together, as shared experiences and mutual understanding can provide much-needed emotional support, strength, and a sense of community. A strong, united rare disease community offers more than emotional support; it builds lifelong networks that empower families and help children thrive despite the challenges they face.

### Just a few of our confirmed speakers:

**Gordon Hartman, Founder of the Gordon Hartman Family Foundation and Morgan's Wonderland Park and Camp** - Gordon is a devoted TBRS dad and champion of inclusion who created Morgan's Wonderland, the world's first ultra-accessible theme park where people of all abilities can play and connect. Inspired by his daughter Morgan, Gordon works tirelessly to break down barriers for individuals with disabilities through his foundation and inclusive initiatives like Morgan's Sports and the MAC, helping families feel supported and welcomed.

**Kate Talton-Brown, MD, Clinical Geneticist, St. George's Hospital London** - Dr. Talton-Brown is the geneticist who helped discover Talton Brown Rahman Syndrome (TBRS) and is dedicated to improving the quality of life for those affected. She continues to work closely with our community, partnering on our patient registry and advancing understanding of TBRS symptoms, surveillance, and treatment strategies.

**Harrison Gabel, PhD, Associate Professor, Washington University School of Medicine** - Dr. Gabel is a neuroscientist whose laboratory studies molecular mechanisms of gene regulation in the brain, with a focus on how disruptions contribute to neurodevelopmental diseases. A champion of collaboration within the TBRS Collaborative Research Network, he works closely with our community to explore gene therapy and other treatment approaches for TBRS.

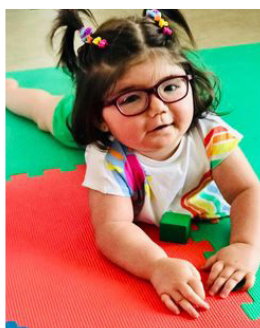

## Introduction to the TBRS Community

The TBRS Community is a mission-driven nonprofit dedicated to improving the lives of those affected by Talton Brown Rahman Syndrome. Our team includes the world's leading TBRS specialists—clinicians, researchers, and deeply committed parents—working together to drive progress. We've built the largest TBRS patient registry, uncovered critical clinical risks like aortic aneurysms and cancer, and launched research initiatives aimed at treatment development. Together, we host the TBRS Summit to unite families, experts, and scientists in a powerful effort to share knowledge, advance care, and build lasting support. With your sponsorship, we can accelerate this momentum and create real, lasting change.

The TBRS Community aims to support all families affected by Talton Brown Rahman Syndrome and advance research toward interventions.

Learn more about TBRS, connect with families, and join our research network at [tbrsyndrome.org](https://tbrsyndrome.org).

We are **STRONGER TOGETHER.**

# Be a TBRS Hero!

There are no approved treatments or cures for TBRS, but researchers are learning more about the disease every day! Our global community of families, researchers, and clinicians are excited to connect with sponsors who share our **HOPE.**

## Conference Sponsorship Levels:

### Rename Research Hero: \$20,000

**Sponsor a TBRS Research Project:** Recent breakthroughs in drug development and gene therapies for rare diseases like TBRS have sparked tremendous excitement. However, cuts to government research funding threaten this momentum. Your support ensures today's science builds tomorrow's treatments. You can extend your impact beyond the Summit and make a long-term affect that benefits the community for years to come by sponsoring a TBRS research project.

**Sponsor benefits:** All the benefits of Gold plus the research grant will be named for the sponsor.

### Gold | Donation: \$15,000

#### Sponsor Benefits:

- 1 Exhibitor table/booth + acknowledgment during introduction and closing remarks
- Logo and message appear on slides between sessions (customized for scientific and family programming)
- Prominent recognition, logo display, and link to sponsor's website on TBRS Conference Website, social media posts, conference invitations and reminders, summit program (digital and print)
- Opportunity to share fliers, brochures, and branded items in registration gift bags
- 5 full-access registrations to entire conference and associated events
- Large-size logo or name will appear on back of Summit T-shirts

### Silver | Donation: \$10,000

#### Sponsor Benefits:

- 1 Exhibitor table/booth
- Recognition, logo display, and link to sponsor's website on TBRS Conference Website, social media posts, conference invitations and reminders, summit program (digital and print)
- Opportunity to share fliers or brochures in registration gift bags
- 3 full-access registrations to entire conference and associated events
- Medium-size logo or name will appear on back of Summit T-shirts

### Bronze | Donation: \$5,000

#### Sponsor Benefits:

- Recognition, logo display, and link to sponsor's website on TBRS Conference Website, social media posts, conference invitations and reminders, summit program (digital and print)
- Opportunity to share fliers or brochures in registration gift bags
- 2 full-access registrations to entire conference and associated events
- Small-size logo or name will appear on back of Summit T-shirts

# Conference Sponsorship Levels (continued):

## Sponsor a Family | Donation: \$2,000

This sponsorship will help families in need of financial support attend the conference.

*\*Proof of financial support will be required.*

### Sponsor Benefits:

- Scholarship naming/branding rights (i.e. "SPONSOR NAME TBRS Summit Family Support Scholarship")
- Recognition, logo display, and link to sponsor's website on TBRS Conference Website, social media posts, conference invitations and reminders, summit program (digital and print)
- Small-size logo or name will appear on back of Summit T-shirts

## Sponsor a Scientist | Donation: \$1,500

This sponsorship will pay for a graduate student or postdoc who is either presenting a poster or giving a talk.

### Sponsor Benefits:

- Scholarship naming/branding rights (i.e. "SPONSOR NAME TBRS Summit Travel Scholarship")
- Recognition, logo display, and link to sponsor's website on TBRS Conference Website, social media posts, conference invitations and reminders, summit program (digital and print)
- Small-size logo or name will appear on back of Summit T-shirts

## Sponsor a Meal | Donation: \$2,000 per meal

### Sponsor Benefits:

- Branding rights on menu or meal signage/tables
- Recognition, logo display, and link to sponsor's website on TBRS Conference Website, social media posts, conference invitations and reminders, summit program (digital and print)
- Promotional materials provided to attendees of that meal
- Logo or name will appear on back of Summit T-shirts

## Additional Tiered Sponsorships Opportunities

- \$1,000 -- thank you in program, website, logo on slide between sessions, and name or logo on Summit T-shirts
- \$750 -- thank you in program, website, and logo on slide between sessions
- \$500 -- thank you in program and on website
- \$250 -- thank you in program
- In-Kind Donations - thank you in program, and product/business information displayed
